

# Redox Electrode for pH 7 and pH 70

## 1MTcable + BNC

Code: 32105302

## DATA SHEET

### Performance

---

ORP measuring range (max.)	1000
ORP measuring range (min.)	-1000
Pressure measuring range (max.)	6 bar
Pressure measuring range (min.)	0 bar
Temperature measuring range (max.)	60°C
Temperature measuring range (min.)	0°C

### Feature

---

Application	Water, swimming pools and galvanic treatments
Body material	Epoxy plastic
Cable	1 coaxial meter, Ø 3mm, fixed
Connection	BNC (male)
Diaphragm	Ceramic
Electrolyte	Gel
Measurement method	combined electrode, potential measurement with internal electrode reference
Membrane	Platinum
Reference system	Ag / AgCl double junction

### Dimension and Weight

---

Body diameter	12 mm
Body length	120 mm
Length (total)	151 mm
